Thanks, Nathan! We generally approved as to legal form using an internal system—I do not have a formal document to provide. Will the below be sufficient:

I have reviewed the contract between IEM International and the County of Durham and approve it as to legal form.

Hey Ann Marie,

I've attached the version I received from the City with the edits tracked and the "final" version with the edits accepted. The County made no additional changes.

Thanks!

Hey Ann Marie,

Can you send me an email that says the City approves the Contract? Normally, County legal will send me an email stating it is approved to form. Can you send me whatever your version of that is? The County did not make any changes to your edits and approved it to form. I need verification to take it before the BOCC.

Thanks!
