20-0265 Adoption of the FY 2020-21 Budget Ordinance

Chair Jacobs stated additional information about the Cooperative Extension agriculture position, events in the community and issues related to the budget should be discussed before the approval.

Commissioner Carter thanked staff for working on the budget and the role management played to help contain the cost due to the economy. She stated she would like to change the funding amount for Durham Public Schools (DPS).

First Motion:

Commissioner Carter moved, seconded by Chair Jacobs to allocate the full funding amount of \$3.8 million to fund the \$15 hourly wage proposal for DPS classified staff.

Ayes: Commissioner Carter and Chair Jacobs

Nays: Vice-Chair Hill, Commissioner Howerton and Reckhow

The motion failed.

Chair Jacobs explained the difficulty with the budget; adding majority of classified workers were people of color and an important action could happen related to the racism resolution with the priority change to the budget. Commissioner Reckhow stated the Board made the budget a priority and the County faced uncertainty with revenues and a sales tax split with the City. Commissioner Howerton stated the Board had the responsibility to maintain the local government and had a limited budget. Vice-Chair Hill stated he would approve the funding in a normal budget year and desired for all classified workers to make \$15 an hour; adding the City implemented the \$15 hourly wage over a two-year time period.

Chair Jacobs asked how the County could fund the full amount for the \$15 hourly proposal. County Manager Davis explained the County was carefully managing cost in the time of uncertainty. Chair Jacobs stated many of the County expenses were Federal Emergency Management Agency (FEMA) reimbursable. County Manager Davis responded the County paid for the expenses and was hoping to get reimbursed by FEMA. He added the County could re-evaluate expenditures in six months to determine if the County could provide additional funding to DPS.

Chair Jacobs inquired about the cost of the Cooperative Extension agriculture position. Keith Lane, Budget Director replied 60 percent was funded by the County and 40 percent was funded by the State. Commissioner Reckhow expressed concern due to the economic uncertainty. Donna Rewalt, Cooperative Extension Director explained the position would collaborate with farmers, water resources, agricultural grants and gap certification. She added the department staff were stretched and had a growing need for additional staff.

Second Motion:

Commissioner Reckhow moved, seconded by Commissioner Carter to approve the Cooperative Extension position.

The motion carried unanimously.

Chair Jacobs inquired about the process to add the Cooperative Extension agriculture position to the budget. Mr. Lane responded the Board should add that they were appropriating \$42,714 for the Cooperative Extension agriculture position.

Third Motion:

Commissioner Reckhow moved, seconded by Commissioner Howerton to approve the budget with the amendment to increase Cooperative Extension's budget by \$42,714 for the agriculture position.

Ayes: Vice-Chair Hill, Commissioner Howerton and Reckhow

Nays: Commissioner Carter and Chair Jacobs

The motion carried.

Chair Jacobs stated the Board requested at a budget work session meeting for staff to provide options for property tax relief and COVID-19 related issues. She asked Bryan Wardell, Senior Assistant County Attorney and Dwane Brinson, Tax Administrator to present the options at the July 13, 2020 Regular Session meeting. Mr. Brinson responded he was working to find solutions and would have options for the Board to consider at the July 13th meeting. Chair Jacobs welcomed the City to be a partner with the tax relief options. Commissioner Howerton asked if the City was committed to supporting half of the relief. Chair Jacobs responded the City sent a letter to support with the relief program. Commissioner Carter requested that the Tax Department meet with community groups on the tax relief program. Mr. Brinson responded he would be happy to meet with community groups, noting those meetings would need to be virtual due to COVID-19.

Mr. Lane stated the tax rate would be approved in the budget and would allow limited options to implement means of significant value after the approval of the budget. Commissioner Reckhow recommended a virtual meeting with the Legislatures to discuss options and to seek funding from the state COVID-19 funding. Chair Jacobs recommended the Clerk and Deborah Craig-Ray, General Manager to schedule the meeting with the Legislatures and Mr. Brinson to give guidance for the discussion with the Legislatures.

Commissioner Reckhow stated 2000 test was not abundant for the size of the community. Rod Jenkins, Public Health Director responded the Health Department was not directly providing test to the community and would only test in an emergency. Commissioner Reckhow asked if payroll expenses included the ten percent differential pay for essential staff for COVID hazard pay. Ms. Miller responded yes; adding the expenses covered base salary, overtime and hazard pay. Chair Jacobs asked if the County was required to first apply for reimbursement to the Federal Emergency Management Agency (FEMA), then to the Coronavirus Aid Relief and Economic Security (CARES). Ms. Miller responded the County would apply for reimbursement from both until CARES money was depleted.

Commissioner Reckhow inquired about the Snow Hill pump station cost increase from \$13 million to \$19.6 million. Jay Gibson, General Manager replied the increase was due to a shortage in labor from COVID-19 and the \$13 million was an estimated cost and the \$19 million was actual cost. Commissioner Reckhow asked if the City would consider offsetting the cost. Peri Manns, Deputy Director of Engineering and Environmental Services responded he would work with Mr. Gibson to discuss with the City and report the outcome to the Board. Chair Jacobs asked for an explanation of the process considering the City would benefit from the pump station. County Manager Davis explained the agreement with the City was for the recruitment of major city expansion to benefit both entities.

Commissioner Reckhow stated Administration I renovation cost increased to \$11 million before the reduction in the budget and inquired about reducing the cost to \$8 million. County Manager Davis responded the renovation project cost could be revisited at a later date. She added the new projects should be reviewed and discussed before approval. Commissioner Reckhow stated the new youth home cost increased and asked if the state was helping to fund that cost. Jodi Miller, General Manager replied she was working with the state to partner with the cost of the youth home. She recommended working with the Durham Delegation on partners and funding.

Chair Jacobs asked for clarification for the increase in Alliance's budget. Mr. Manns responded the budget was increased after Alliance was unable to take advantage of planned cost savings. Chair Jacobs stated new parking deck projects may need revisions due to the increase of people working remotely. Chair Jacobs requested for staff to evaluate the Capital Improvement Plan and present to the Board. Commissioner Reckhow recommended for the item to be discussed at the June 22nd Regular Session meeting.
