

Agenda Action Form Overview

The BOCC is requested to authorize the County Manager to execute a contract with Stryker in the amount of \$135,734.38 to provide EMS Procure Services for Emergency Medical Services (EMS) stretchers and Power-LOAD units.

Background/Justification

The Board is requested to authorize the County Manager to execute a contract with Stryker in the amount of \$135,734.38 to provide EMS Procure Services for Emergency Medical Services (EMS) stretchers and Power-LOAD units. OES-EMS will utilize existing operational budget funds of \$135,734.38

Every EMS ambulance is equipped with a Stryker stretchers and Power-LOAD units. These units require annual preventative maintenance and unscheduled repairs throughout the year with constant use from EMS. The EMS Prevent services from Stryker provide one annual preventative maintenance on all stretchers and Power-LOAD units, all unscheduled services and repairs, all battery replacements, parts, labor, and travel.

The Office of Emergency Services – Emergency Medical Services purchased Stryker stretchers and Power-LOAD systems and placed into service in 2021. At that time no warranties, maintenance, or repair contracts were purchased. As these units continue to age they are requiring regular maintenance and repair including batteries ranging from \$700-\$900 each. During a mechanical breakdown of a unit they are out of service until repair. EMS Prevent services will cover all breakdowns and reduce the out of service time for contract and/or purchase order processing times.

Policy Impact

The Office of Emergency Services – Emergency Medical Services is bringing a new issue to the Board of County Commissioners requesting support to spend of \$135,734.38 of OES Capital Improvement funds for Stryker EMS Prevent services on EMS stretchers and Power-LOAD units.

Procurement Background

OES is utilizing the SAVVIK Buying Group pricing for EMS Prevent services.

Type of purchase

- Goods
- Services
- Construction Work
