

Agenda Action Form Overview

The Board is requested to approve this Budget Ordinance Amendment to recognize funds in the amount of \$4,800 from the Duke University Division of Community Health.

Background/Justification

Every local health department is required to submit a community health assessment, community health improvement plan and state of the county health report on a 48-month cycle. Most local health departments have moved to three-year cycles to coordinate with charitable hospitals. The Durham County Department of Public Health partners with Duke University on a community health assessment every three years. Duke University is a major partner in the community health assessment including financially. This provides funding to the Durham County Department of Public Health for supplies and food during the 2020 Community Health Assessment survey.

Policy Impact

This action is consistent with past actions and does not require any exceptions or new additions to Board policy.

Procurement Background

Not applicable

Fiscal Impact

This partnership allows Durham County to fund any needs related to workforce development and accreditation.

Recommendation

The County Manager recommends that the Board of County Commissioners approve this Budget Ordinance Amendment to recognize funds in the amount of \$4,800 for Public Health.
