Agenda Adjustments

Chair Jacobs stated there were two (2) last minute items added to the agenda for the Board's consideration.

Announcements

Chair Jacobs read the following announcements:

- 1)The Durham-Chapel Hill-Carrboro Metropolitan Planning Organization (DCHC MPO) is seeking public feedback on the proposed 2045 Metropolitan Transportation Plan (MTP) report, which will drive future policies and decision-making processes for highway, bicycle, pedestrian, and transit projects. Residents and stakeholders can now review and provide input on the proposed 2045 MTP, which shows the highway, bus transit, rail transit and other transportation projects to be implemented over the next 30 years, and presents the official demographic forecasts and regional travel model. Visit the DCHC MPO Website and provide comments directly by email by February 9. For more information, contact Andy Henry with the City of Durham Transportation Department at (919) 560-4366, ext. 36419 or by email.
- 2)It's that time of year again – flu season! As long as flu activity is ongoing, it's not too late to get vaccinated, even in January. The Centers for Disease Control and Prevention states that even if you have already gotten sick with flu this season, it is still a good idea to get a flu vaccine since it protects against three or four different viruses (depending on which flu vaccine you get). Everyone 6 months of age and older should get a flu vaccine every season. An annual flu vaccine is the best way to protect you and your loved ones against this potentially serious disease. Contact the Durham County Department of Public Health Immunization Clinic at 919-560-7608 for more information.

- 3)Join us for the CONNECTING TO OPPORTUNITY SUMMIT sponsored by GoTriangle, Triangle J Council of Governments, and Gateway Planning. This summit will be a day of learning and discussion with local and national experts. The event will be held Tuesday, February 6, 2018 from 9:00 am – 5:00pm at the Durham Performing Arts Center (DPAC), 123 Vivian Street. Please register by today, or contact Aspen Romeyn, Triangle J at 919-558-9319 for more information.
- 4)Durham City Council, County Commissioners, and Board of Education will host a series of community conversations. The first topic, “Public Safety” will be discussed on Saturday, January 27th at the Durham Convention Center, 301 W. Morgan Street from 10:00 am-12:00 noon. “Affordable Housing, Transportation & Human Services” will be addressed on Tuesday, January 30th at 7:00 pm at the Durham County Human Services Complex, 400 E Main Street. “Education and Economic Development” will be discussed on Tuesday, February 6th at 7:00 pm, at Brogden Middle School 1001 Leon Street.
- 5)The SummerWork Youth Job Expo has been rescheduled to Wednesday, January 31st at Hillside High School from 3:00-5:00 pm. Youth and young adults ages 14-24 can find summer jobs, internships, and other work-based learning opportunities. Learn tips and techniques for successfully applying for jobs and internships. Register to attend at bit.ly/SummerWorkYouth2018 (URL is case-sensitive).
- 6)Please note the date change - The next regularly scheduled meeting of the Board of County Commissioners will be Thursday, February 8th at 9:00 am. The Board will **not** meet on Monday, February 5th.
- 7)These announcements may also be found on the County’s website or you may call the Clerk’s Office at 919-560-0025.
- 8)Commissioner Reckhow announced the rescheduled date for the Early Childhood Community Forum would be Saturday, March 10, 2018. She stated additional details were being finalized and would be forthcoming.
- 9)Chair Jacobs asked Wendell Davis, County Manager, if there was an update on the 31 Mentors in 31 Days Program. Manager Davis stated staff was working to reschedule that date.

OPPOSING A CHANGE FROM THE ELECTION OF JUDGES TO THE SELECTION OF JUDGES

WHEREAS, the North Carolina State Constitution ("Constitution") established three branches of government: Executive, Legislative and Judicial; and

WHEREAS, the Constitution also established the roles and responsibilities of each of the branches of government and how individuals seeking to serve in those branches would be elected; and

WHEREAS, the General Assembly is currently debating the merits of amending the Constitution to allow the appointment of judges instead of the historical method of electing judges by a vote of the people; and

WHEREAS, the Durham Board of County Commissioners ("Board") believes that judges should continue to be elected by the voters and not selected by some other process that may be established by the Legislative Branch; and

WHEREAS, the Durham County Board of Commissioners supports maintaining our current Judicial District System. We oppose Durham being divided into sub-districts. We believe the current system has worked well and that all Durham citizens should be able to vote for all of their District Court Judges; and

WHEREAS, at its regular meeting on January 22, 2018 the Board voted unanimously to send this resolution to its local legislative delegation and the boards of county commissioners of all 100 North Carolina counties; and

NOW, THEREFORE, BE IT RESOLVED, that the Durham Board of County Commissioners opposes any amendment to the North Carolina Constitution that would change the right of the people of North Carolina to elect their judges, which ensures an independent judiciary, as now provided in this State's Constitution.

He added Corning wished to expand into the area to provide capital investment and hire over 317 people of which 269 would be hired in the manufacturing and logistics departments. Mr. Gibson continued to say the pay to employees would be at or above the living wage scale for the Durham area.

Chair Jacobs opened the public hearing.

Ted Conner, Vice President of Economic Development and Community Sustainability, Durham Chamber of Commerce, thanked the Board in advance for its support and expressed his excitement on Corning, Inc. coming into the area.

Commissioner Howerton asked what type of jobs would be offered. Mike Whipple, Director of Capacity and Program Management, stated skilled and unskilled machine operator positions would be available.

Commissioner Reckhow inquired about the type of skills needed for those positions and asked if someone directly from high school could be employed. Mr. Whipple responded there would not be any advanced degrees required for the machine operator positions. Commissioner Reckhow mentioned she served on the Durham Technical Community College (DTCC) Board of Directors and would be available to assist where needed. She expressed her excitement with Corning, Inc. coming into the area and stated she would be pleased if there was a significant number of Durham County residents hired. Commissioner Reckhow suggested a job fair and possibly working with the Workforce Development Board and the Durham Public School System to help prepare adults and our youth for upcoming positions.

Commissioner Carter asked if it was possible to see an official plan of the Durham workforce. Commissioner Reckhow interjected that this was something never done before; however, the companies were urged to work closely with the Board to make sure Durham was a part of the hiring workforce.

Commissioner Howerton stated she would like to make sure community citizens are invited to

participate so that they could get to know the constituents and the job opportunities that would become available.

Commissioner Carter asked if Corning, Inc. was expanding and constructing new square footage. Mr. Whipple responded yes. Commissioner Carter inquired about other Durham based businesses being used for the construction. Mr. Whipple stated Corning, Inc. was determined to become a part of the community. He added that O'Brien Atkins Associates, which is a local company was being used for the architecture of the building and the construction company was based in Charlotte but held local offices in the area.

Chair Jacobs stated this was exciting and the County was thrilled to have Corning, Inc. grow and expand in the area. She asked the representative from DTCC to share ways on partnering with Corning, Inc.

Beth Payne, Dean for Corporate Services at DTCC, stated the college was willing to partner with Corning, Inc. through NC Works to customize a training program. She added DTCC would help identify good pipeline programs and apprenticeship opportunities.

Commissioner Reckhow asked if the Durham Chamber had begun the process of moving forward with the Work Ready Community Initiative. She explained that a team needed to be assembled and the process should already be put together. Geoff Durham, Durham Chamber, responded a team had been assembled.

Commissioner Carter asked if there was a reporting mechanism being used. Mr. Gibson responded yes. He added the County would get with the client following the approval and finalize an agreement which would include targets, state requirements and additional language pertaining to fees and schedules.

Chair Jacobs asked Manager Davis if a copy of the contract would be available for the Board to review. Manager Davis responded a contract would not be available but a follow-up would be provided on how well the company was doing on meeting the objectives on the incentive. Chair Jacobs mentioned in the past, there were written agreements that the Board would approve once the contract was finalized. Manager Davis stated there were files created with the incentives included; however, in the past the Board did not receive a copy. Chair Jacobs asked Willie Darby, Senior Assistant County Attorney, to provide clarification. Attorney Darby responded the Board was allowed to approve the contract once it was negotiated. Chair Jacobs asked if the contract was negotiated. Attorney Darby responded no, not at this time.

Chair Jacobs closed the public hearing and asked the Board to entertain a motion.
