

### **Agenda Action Form Overview**

The Board is requested to authorize the County Manager to enter into a service contract in the amount of \$204,325 with Psychiatric Services and consultation to provide psychiatric services to individuals in the Durham County Detention Facility. The funding for this contract has been included in the Justice Services Department’s FY 2026-27 approved budget.

### **Background/Justification**

In 2014, the Justice Services Department formerly Criminal Justice Resource Center assumed the contract for psychiatric services in the detention center through a Memorandum of Agreement with Alliance Behavioral Health Care. At that time, Psychiatric Services LLC, and its sole proprietor Dr. Patricia Knaudt, had been providing the service at the Detention Center for several years under a contractual agreement with The Durham Center.

As the facility’s Mental Health Director, per the Jail Medical Plan, the psychiatrist holds the ultimate responsibility for making clinical decisions concerning the care of mental health clients. The vendor operates a weekly clinic for inmates who are experiencing symptoms from their condition and who have difficulty adjusting to the daily life within the jail and is primarily responsible for writing prescriptions for inmates who have a documented mental health diagnosis and history of psychiatric medication use as they enter the jail. In addition, the psychiatrist makes a clinical determination of whether an inmate with no documented medication history should be placed on medication. Medication administration is then monitored, on paper or in person, every 30 days for compliance and effectiveness. The psychiatrist also works with the Jail Mental Health Team on identifying and monitoring individuals placed in the Mental Health Pod.

Durham County Purchasing Division issued a Request for Qualifications for Professional Psychiatric Services (RFQ 18-033) in May 2018. Psychiatric Services and Consultation, PC was the only respondent. The contract allows for 24 hours per week at the detention center.

The County Attorney’s Office has reviewed the service contract.

### **Policy Impact**

The agenda item is consistent with historical Board of County Commissioner support for mental health services for justice involved individuals and a continued emphasis on reducing the number of inmates with mental health concerns.
