These wireless keyboard and mice combos by Logitech are typical priced at \$40

<https://www.officedepot.com/a/products/531638/Logitech-MK345-Wireless-Straight-Full-Size/>

These HP printer/scanners are available at Staples though for \$160 each

https://www.staples.com/hp-officejet-8015e-wireless-all-in-one-color-printer-scan-copy-best-for-home-office-6-months-of-free-ink-with-hp-228f5a/product_24549514

So parts for 8 desktop computer systems replaced and adding 8 wireless keyboard/mice combos and 8 printers is about **\$7817.00** (including tax) with Free shipping from Office Depot and Staples

Installation, set up, programming and setting up back up **\$2500.00**

\$10,317.00 total

Let me know if you have any questions.
