

**Planning Commission Comments – December 12, 2017**

**Case TC1700005**

**AL-TURK** – I voted for approval.

**BRINE** – I voted to recommend approval of these text amendments with the understanding that (1) staff would eliminate the proposed changes to sections 6.6.1 and 6.6.2 (which conflicted with TC1600005), and (2) staff would review the Commissioners' concerns/comments and make any necessary changes/additions. I commend staff for their efforts to keep the UDO updated.

**BUZBY** – With the changes suggested by Planning Commissioners, I vote to approve.

**GIBBS** – Approved w/comments from DPC.

**HYMAN** – Note: Reminder and as discussed; rectify the inconsistency in the Affordable Housing Bonus program language in both documented presented.

**KENCHEN** – Given the necessary changes in wording and consistency, I vote to approve.

**VANN** – I voted in favor with adequate changes proposed by commission members.
