Comments (To be completed by Purchasing):

In review of the MWBE Compliance for RFP 24-030R1 Eddy Current Testing for Chillers at Various County Facilities, there were no MWBE participation goals achieved on this project. Envirotrol, LLC will be utilizing an MWBE Non-Certified Asian-American business to be used as subcontracting participation to perform the service on this project. The non-certified minority subcontractor has been identified to be contacted and encouraged to pursue MWBE certification status as an Asian-American business with the NC HUB Office.
