18-0748 **Proclamation - Durham Reentry Week**

Agenda Text: The Board is requested to proclaim April 23- 27, 2018 as “Durham Reentry Week.”

In recent years, the criminal justice community nationwide has come together each April to shine a light on the work of community and faith based groups to support individuals returning home from prison. Although the federal government has not made a designation for 2018, the Criminal Justice Resource Center and the Local Reentry Council in collaboration with the Religious Coalition for A Non-Violent Durham (RCND), will work to recognize April 23-27, 2018 as Reentry Week in Durham.

Involved agencies will host events designed to highlight services and supports for justice involved individuals in the Durham community. Durham County, the City of Durham, RCND and other agencies are working to create a seamless system of reentry for citizens transitioning from correctional supervision.

18-0755 **Proclamation - National Correctional Officers and Employees Week**

Agenda Text: The Board is requested to proclaim the week of May 6-12, 2018 as National Correctional Officers and Employees Week to recognize the detention officers and employees of the Durham County Detention Division of the Sheriff’s Department.

On May 5, 1984, then-President Ronald Reagan issued Proclamation 5187-National Correctional Officers’ Week, in which he called “upon officials of State and local governments and the people of the United States to observe this week with appropriate ceremonies and activities,” to recognize “the contributions of correctional officers to our Nation.”

The thousands of women and men working in corrections - in administration, security or health care - in the federal system, a state system, a local facility, a private facility, or in a military facility, in an adult facility or a juvenile facility, in a prison, a jail, or a community-based program - are owed a tremendous debt of gratitude. Corrections

professionals put their health, safety and lives on the line every day to maintain public safety, to reform and rehabilitate our nation's offenders and perform many other duties.

Interlocal Cooperation Agreement for the Division of Sales Tax Between the County of Durham and the City of Durham July 1, 2018-June 30, 2023

Agenda Text: The Board is requested to approve a renewable interlocal cooperation agreement with the City of Durham for the division of collected Article 39, 40, & 42 sales tax between the two jurisdictions. The current interlocal between the County and City ends June 30, 2018. The new interlocal agreement would extend the agreement 5 additional years, through June 30, 2023.

The current agreement, in effect since July 1st, 2013, splits all collected sales tax for both the City and County, with the County receiving 58% of the total amount and the City 42%. This agreement was reached to avoid the county changing the distribution method from the current per capita distribution to an ad valorem distribution method.

Projections for the next five years indicate that this method for sharing the per capita distribution of sales taxes is beneficial to both the County and City.

The Durham City Council is set to approve this new interlocal cooperation agreement at their April 3rd meeting, continuing the current collected sales tax revenue split at 58% for the County and 42% for the City for the next five years.

Alignment with Strategic Plan: Goal 5: Accountable, Efficient, and Visionary Government

Resource Persons: S. Keith Lane, Budget & Management Services Director

County Manager's Recommendation: The County Manager recommends that the Board approve the new interlocal cooperation agreement (see attachment) for the division of sales tax between the County of Durham and the City of Durham for the period July 1, 2018 through June 30, 2023 and authorize the County Manager to sign of this agreement.

18-0764 **Award of the Influent Pump Station Back-Up Power Modification (IFB 18-001 Rebid 2) contract to MV Electric, LLC in the amount of \$739,500**

Agenda Text: The Board is requested to award a construction contract to MV Electric, LLC for the construction of the Influent Pump Station Back-Up Power Modification in the amount of \$739,500, to authorize the County Manager to execute the contract, and to authorize the County Manager to execute any related contract amendments, not to exceed a total project budget of \$813,450.

Background:

The Influent Pump Station Back-Up Power Modification includes two main components: (1) installation of an electrical interconnect between the influent pump station generator and the bio-solids building generator and (2) replacement of the

variable frequency drives at the influent pump station. A ten percent contingency is recommend for this project to cover unexpected expenses.

Durham County issued an Invitation for Bid (IFB 18-001) on October 26, 2017. IFB 18-001 was advertised in local newspapers and on the Durham County website. On December 20, 2017, one bid was received and returned unopened as three bids are required for formal bid openings during the initial advertisement of a formal construction bid.

Durham County proceeded to issue a rebid (IFB 18-001R) due on February 15, 2018. Durham County received one bid from MV Electric, LLC. However, MV Electric LLC's bid was deemed non-responsive as MV Electric, LLC is not a licensed General Contractor in the State of North Carolina but only a licensed Electrical Contractor in the State of North Carolina. The contract specifications had indicated only licensed General Contractors in the State of North Carolina may bid on the work.

Upon consultation with legal and the design engineers, it was determined the specifications could be revised to qualify both licensed General Contractors or Electrical Contractors as either could perform the proposed scope. As a result, the project was rebid a second time as IFB 18-001 Rebid 2 with revised specifications on March 8, 2018. Two bids were received on March 20, 2018. The lowest bid in the amount of \$676,124 submitted by JL Britt Electric, Inc. was deemed non-responsive due to a lack of good faith efforts in meeting MWBE requirements. The next lowest bidder was MV Electric, LLC with a bid amount of \$739,500. The bid tabulation and recommendation of award prepared by the design engineer firm is attached. The County Manager's bid rejection for JL Britt Electric, Inc. is attached.

In review of the MWBE Compliance for IFB 18-001 Rebid2 Influent Pump Station Back-Up Power Modifications, MV Electric, LLC is an MWBE Certified Woman-Owned business and will be utilizing 6% MWBE Certified Black-American business and 5% MWBE Certified Woman-Owned business as subcontracting MWBE participation on this project. This project will have a total of 100% MWBE Certified participation.

Alignment with Strategic Plan: This action is in accordance with Durham County Strategic Plan Goal 4: "Environmental Stewardship and Community Prosperity," as this project will ensure reliable operation of the Triangle Wastewater Treatment Plant.

Resource Persons: Jay Gibson PE, General Manager; and Kyle Manning PE, Senior Project Manager

County Manager's Recommendation: The County Manager recommends the Board award a construction contract to MV Electric, LLC for the construction of the Influent Pump Station Back-Up Power Modification in the amount of \$739,500 and

to authorize the County Manager to execute any related contract amendments, not to exceed a total project budget of \$813,450.

Approval of Letter Requesting Special Legislation Regarding Disposal of School Property For Creation of Teacher Housing

Agenda Text: The Board is requested to approve the attached letter to Durham County's state legislative delegation.

The Durham County Board of County Commissioners (BOCC) and the Durham Public Schools (DPS) Board of Education have been in discussion for some time regarding the desirability of creating affordable housing for DPS teachers. DPS desires to use certain property no longer being used for schools for such housing. Because current statutes specify the process to be used when schools wish to surplus property they are no longer using for school purposes, and because special legislation could create a simpler pathway when affordable teacher housing is to be created, DPS and the Durham BOCC have agreed to work together to seek this legislation. The attached letter expresses those desires and, if approved, will be sent to Durham's state delegation for introduction in an upcoming legislative session.

Alignment With Strategic Plan: A high functioning school system staffed by teachers who are invested in and can afford to live in Durham would be well-aligned with Goal 1 of the County's strategic plan.
