19-0185 **Budget Ordinance Amendment No. 19BCC00051 Appropriating Lebanon Fire Tax District Fund Fund Balance (\$110,000), and Transferring to the General Fund for Personnel Costs that were not included in the Original Budget for FY2018-19**

Agenda Text: The Board is requested to approve Budget Ordinance Amendment No. 19BCC00051, which appropriates \$110,000 of Lebanon Fire Tax District Fund Balance and transfers these funds to the General Fund to offset Lebanon Volunteer Fire Department employee expenses related to the implementation of the Classification and Compensation Study, as well as increased expenses related to paying employees for annual accrued time rather than reserving it for later use.

As part of the FY2018-19 adopted budget, funds were placed in the Non-Departmental Business Area to cover the implementation of the Classification and Compensation Study for Public Safety Employees. There are 12 Durham County employees at Lebanon Fire Department, and their expense is covered by the Lebanon Fire Tax District, through transfers from the District to the General Fund to reimburse actual expenditures. The cost for implementation of the Classification and Compensation study for the Lebanon employees is \$61,376, which requires an increase in the appropriate Fund Center. In addition, due to Lebanon Fire staffing reaching full capacity this entire fiscal year - the first time it has reached full staffing in several years - staff discovered unanticipated budget impacts of paying employees for accrued benefit time (compensatory time) instead of reserving that time to be taken off at a later date. This amendment addresses and resolves this issue, and FY2019-20 budget will also reflect this adjustment. This amendment ensures that all expenditures related to these 12 employees are offset by District Funds transferred to the General Fund.

Alignment with Strategic Plan: Goal 5 Efficient Government. While directly impacting our ability to provide for a Safe Community (Goal 3), this spending measure ensures the use of Fire District funds for directly related expenditures.

Resource Persons: James E. Groves, Fire Marshal/Emergency Management Director; David N. Ades, Assistant Director of Budget and Management.

County Manager's Recommendation: The County Manager recommends that the Board approve Budget Ordinance Amendment No. 19BCC00051, which appropriates \$110,000 of Lebanon Fire Tax District Fund Balance and transfers these funds to the General Fund to offset Lebanon Volunteer Fire Department employee expenses related to the implementation of the Classification and

Compensation Study, as well as increased expenses related to paying employees for annual accrued time rather than reserving it for later use.

The Board is hereby requested to authorize the County Manager to enter into a contract with SEDC Engineering, P.C. (SEDC) dba NV5 to provide Fundamental LEED Commissioning Services for the Durham County Administration Building Renovation located on 200 E. Main Street in the amount of \$49,927.00 (See Attachment 1, Pages 1 - 19).

Based on the fact that the services are similar in scope to the Main Library Renovation, currently under construction, staff has elected to utilize NV5 for the Administration Building Renovation as well. Benefits of commissioning include reduced energy use, lower operating costs, reduced contractor callbacks, better building documentation, improved occupant productivity and verification that the systems perform in accordance with the owner's project requirements.

On October 27, 2008, the Durham County BOCC adopted the High Performance Building Policy for County projects. The Durham County High Performance Building Policy requires that new construction receive a "Gold" level LEED (Leadership in Energy and Environmental Design) Certification and that renovation projects receive a "Certified" level certification. The proposal includes the necessary scope for the project to qualify for the LEED Energy & Atmosphere Prerequisite 1 for Fundamental Commissioning of Building Energy Systems. The project team is targeting a "Silver" level certification for this project. Funding for this service is available in the Administration Building Renovation Capital account. For M/WBE

Participation information (See Attachment 1, Page 19).

Alignment with Strategic Plan: This aligns with Goal 4 - Environmental Stewardship - through the improvement of the environmental performance of County buildings to reduce energy use and greenhouse gas emissions from the built environment. The renovation of this facility also addresses Goal 5 by providing more efficient service delivery and better customer service.

Budget Ordinance Amendment No. 19BCC000058- Appropriating \$226,564 of Durham County Fire Rescue (DCFR) Fire Service Tax District Fund Fund Balance for Multiple Funds for expenditures incurred after July 1, 2018, the effective date of the City/County Fire Merger Interlocal Agreement (ILA).

Agenda Text:

The Board is requested to approve Budget Ordinance Amendment No. 19BCC000058 appropriating \$226,564.00 DCFR Service Tax District Fund Fund Balance to reimburse multiple funds for expenditures incurred by DCFR. These expenditures were primarily the result of remaining commitments of the County as of June 30, 2018 as per the ILA, (e.g., goods and or services ordered as of yearend but

not yet received such as Telephone, TV and Internet Charges, Gasoline, Vehicle Upfit, Staff Uniforms and Protective Clothing, Operational Travel and Copy Fees). However, there were some expenditures that have occurred during this fiscal year that were not included in the consolidation (e.g., utilities at the Leesville Station during this fiscal year due to the storage of two surplus fire trucks, salaries and benefits after the beginning of the fiscal year, annual radio maintenance fees per a different interlocal agreement (ILA) with the City, etc.). Please note that per the terms of the radio maintenance ILA, the formula for the payment to the City is a reimbursement for a prior fiscal year's inventory and use (e.g., not fiscal year 2019).

In the approval of this amendment, the budget will be increased accordingly to support the postings both directly to the DCFR Service Tax District Fund (e.g., uniforms, gasoline, etc.) as well as transfers to General Fund, Benefits Plan Fund and the Debt Service Fund accordingly. Expenditures were posted in the General Fund and Benefits Plan Fund (e.g., salaries, benefits and building and grounds).

Final amortization schedules were also received for the three fire trucks purchased earlier this fiscal year, and the first payment is \$34,964, which is higher than the projected payment of \$28,500 (which is the amount in the original budget).

Please note that the requested budget amount is slightly higher than what has actually been expended to date to ensure sufficient budget as of fiscal year end and that transfers will only be made for the actual expended amount in the fiscal year.

This table summarizes the budget changes that will occur with this Board action; transfers will be made from the DCFR district to cover all increased expenditure amounts.

| Action | Orig.Budget | Additional Needed | | Amended Budget |
|----------------------------------|--------------------|-------------------|--------------------|----------------|
| General Fund (DCFR Fund Center) | | \$0 | \$55,000 | \$55,000 |
| Benefits Fund (DCFR Fund Center) | | \$0 | \$100 | \$100 |
| DCFR District Fund Expenses | | \$4,152,946 | \$165,000 | \$4,317,946 |
| Debt Service Fund | \$28,500 | \$6,464 | \$34,964 | |
| Total | \$4,181,446 | \$226,564 | \$4,408,010 | |

Alignment with Strategic Plan: Goal 5: Accountable, Efficient, and Visionary Government.

Resource Persons: James E. Groves, Fire Marshal/Emergency Management Director and David Ades, Assistant Budget Director.

Approval of Increase in the Contract Amount for Intermedix for Emergency Medical Services (EMS) Billing and Collections in the Amount of \$90,000 to be Funded within the Current EMS Budget

Agenda Text:

The Board is requested to approve increasing the contracted services amount for Intermedix (IMX) for the EMS Billing and Collections in the amount of \$90,000 to be funded within the current EMS budget.

IMX receives an agreed upon amount of the revenues collected. The monthly revenues collected are multiplied by the agreed upon amount in the current contract (e.g., 0.054 per \$1 collected). However, the not to exceed amount on the current contract is not sufficient to cover the estimated amount that will be owed to IMX for the fiscal year. Therefore, County staff are requesting the amount of the contract be increased by \$90,000 to be funded within the current EMS budget. No budget amendment is required.

Increasing the contract amount will ensure that EMS adheres to the County's contract processes, procedures and policy as well as adhering to general statutes regarding the encumbrance of funds and the pre-audit.

Alignment with Strategic Plan: This request aligns with County's Strategic Plan Goal 3: Safe Community and Goal 5: Accountable, Efficient and Visionary Government.

Resource Persons: Kevin Underhill, Interim Director of EMS and Susan Tezai, Chief Financial Officer

County Manager's Recommendation: The County Manager recommends that the Board approve increasing the contract amount with IMX for EMS Billing and Collections by \$90,000 to ensure that EMS adheres to the County's contract processes, procedures and policy as well as adhering to general statutes regarding encumbrances and satisfying the pre-audit.

Budget Ordinance Amendment No. 19BCC000060 - Approve Appropriation of \$2,500,000 of General Fund Fund Balance and Transfer to the Benefits Plan Fund for Increased County Self-Funded Medical Costs

Agenda Text:

In analyzing the Benefits Plan Fund and assessing where the County's costs for these benefits will be at fiscal year end, it is County staff's belief that expenditures will exceed the current amount budgeted for medical (health) costs. As such, the Board is requested to approve Budget Ordinance Amendment No. 19BCC000060 to increase the Benefits Plan Fund expenditure budget in the amount of \$2,500,000 for medical (health) self-insured costs and increase the Benefits Plan Fund funding sources of a one-time County contribution transfer of \$2,500,000. The General Fund will be amended as follows: Increase the transfer to health benefits \$2,500,000 and increase fund balance appropriated by \$2,500,000.

Please note that while County staff does estimate the need for additional budget for FY2018-19 for the medical (health) costs, the requested budgetary increase is a conservative estimate. County staff does not anticipate the need for the entire amount; however, the Local Government Commission will not allow amendments to the budget after June 30th for the current fiscal year. Therefore, staff is requesting this amount to ensure that we do not exceed budget appropriations. This amendment is consistent with an amendment that was brought before the board in FY2017-18 in the amount of \$3,350,000. Of this amount, \$2,180,000 was required.

Alignment with Strategic Plan: This request relates to the following elements of the Durham County Strategic Plan: the amendment aligns with Goal #5 (Accountable,

Efficient, and Visionary Government).

Resource Persons: Kathy Everett-Perry, Chief Human Resources Officer; Claudia Hager, General Manager; Deidre Gonzales, Benefits Manager.

County Manager's Recommendation: The County Manager recommends that the Board approve Budget Ordinance Amendment No. 19BCC000060 appropriating of \$2,500,000 of General Fund fund balance and transferring those funds to the Benefits Plan Fund for increased County self-funded medical costs.

Effective November 1, 2019, all Medicaid clients enrolled in the new Medicaid Managed Care program will have their transportation services provided through their pre-paid health plan. DSS will continue to coordinate the transportation of Medicaid clients not enrolled in a standard plan with payments being issued still by NC Fast.

The Board is also requested to reduce Medicaid Cost Settlement revenues budgeted by \$150,000 because Durham County is not eligible to receive Medicaid Cost Settlement funds anymore.

Agenda Text: The Board is requested to approve Budget Ordinance Amendment No. 19BCC000063 to recognize \$400,000 from the North Carolina Biotechnology Center for Local Economic Development Awards (EDA) to be disbursed by the County. The funds are to be recognized by Durham County as the local unit of government and then awarded to Pairwise (\$200,000), Locus Biosciences, Inc. (\$100,000) and AveXis (\$100,000). The NC Biotechnology Center has agreed to provide an economic development grant award through the County to incentivize companies to expand and maintain new business operations in Durham County while the disbursements of funds to the local government allows the County to maintain a direct relationship with the identified companies.

As part of their individual agreements Locus Biosciences will create and maintain at least thirty (30) new FTEs, Pairwise will create and maintain ninety (90) new FTEs and AveXis will create at least two hundred (200) new FTEs over a four (4) year

period. Also included in their respective agreements are the following community benefits:

- AveXis will:
 - Transfer equipment purchased with grant funds to Durham Tech's North Durham Campus for educational and training purposes
 - Serve on the Advisory Board for Durham Tech's Biotechnology program
 - Work with Durham Tech faculty to help them prepare students for potential jobs in the industry

Locus Biosciences, Inc, using their CRISPR-Phage platform combines the antibacterial power of CRISPR-Cas3 with the efficient, safe delivery of bacterial viruses called bacteriophage. This process selectively removes unwanted bacteria while leaving the many species of good bacteria intact, crPhage™ can address the growing set of diseases shown to be related to the human microbiome. AveXis works to develop and commercialize gene therapies for patients and families that are suffering from rare and life-threatening neurological genetic diseases.

The North Carolina Biotechnology Center collaborates with North Carolina communities to attract life science economic development projects. Its Bioscience Industrial Development team provides industry-specific expertise and resources. The Center also supports community efforts through its Economic Development Award (EDA) Program. The EDA Program provides performance-based grants to local units of government in support of life science company projects. Grants are linked to job creation and retention milestones for specific company projects in the locality of interest. The local government administers the grant and allocates funds to the company to be used for project-related investments providing sustainable benefit to the company and community. The Center partners with both community and company to determine the appropriate use of EDA funds. In the case of the three agreements receiving the awards, funds will be used to contribute to the cost of real and tangible personal property investments with portions to be either spent on machinery and/or equipment or operations and/or research and development.

Approval of Interlocal Agreement with the City of Durham for YouthWork Internship Placements and Reimbursements

Agenda Text:

The Board is requested to review and approve the attached interlocal agreement with any modifications they may agree upon and also to authorize the County Manager to execute it.

The City and County of Durham have long been partners in facilitating summer employment and internships for Durham's high school aged youth. In recent years, the County has funded 50 summer internships, 25 of them inside County government and 25 placed in external institutions. Since the City has historically been the key agency coordinating those external internships, the County relies on the City to find, track, support, and process payroll for those internships and then reimburse the City for the direct payroll expenses. The reimbursement process has not worked very well over the past year or two, primarily due to the lack of a good interlocal agreement. The attached interlocal agreement allows the County to reimburse the City for 25 internships from last summer, the same number this coming summer, and whatever numbers we budget for and agree upon with the City in the future.

Alignment with Strategic Plan: The YouthWork Internship Program is strongly aligned with a broader work-based learning continuum and a key driver for future economic success of Durham's young people.

Resource Persons: Drew Cummings, Chief of Staff

County Manager's Recommendation: The County Manager recommends that the Board review and approve the attached interlocal agreement with any modifications they may agree upon and also to authorize the County Manager to execute it.

Parexel International Corporation, one of the world's leading contract research and services companies serving the biopharmaceuticals industry, will locate several headquarters functions at the new facility including a range of operational and professional support functions. The new employees will join Parexel's more than 600 existing employees in North Carolina, expanding on operations in the state dating back to 1993. Parexel will create a variety of headquarters positions in Durham which will in total provide an annual payroll impact of more than \$29.4 million to the local economy. Parexel's expansion in Durham County will be facilitated, in part, by a Job Development Investment Grant (JDIG) approved by the state's Economic Investment Committee on May 30th. Over the course of the 12-year term of this grant, the project will grow the state's economy by an estimated \$869 million. Using a formula that takes into account the new tax revenues generated by the new jobs, the JDIG agreement authorizes the potential reimbursement to the company of up to \$4,194,000, spread over 12 years. Durham County payments only occur following performance verification that the company has met its incremental job creation, investment and criteria targets.

Staff is recommending that the County provide \$120,500 in Economic Development Investment funds subject to certain performance goals being met by Parexel, related to timing and amount of investment, employment creation and maintenance of the created jobs as well as partnership engagement criteria.

Capital Project Amendment No. 19CPA000022 to Amend the Main Library Renovation Project to Accept Funding from the Library Foundation for Main Library furniture as well as Approval of the Purchase of Goods contract(s) with various vendors for the Private Office, Conference and miscellaneous furnishings from the U.S. Communities/GSA and/or NC State Contracts Buying Programs for the Main Library Renovation Project No.: 6110DC094 (10min)

Agenda Text:

The Board is requested to authorize the County Manager to approve Capital Project Amendment No. 19CPA000022 appropriating \$800,000 of Library Foundation donation funding to the Main Library Renovation Project for furniture. As part of the Main Library Renovation project, the Durham County Library Foundation is continuing fundraising efforts to help bring the library's mission of encouraging discovery, connecting the community and leading in literacy. Through this effort \$800,000 is being donated to assist with the furniture procurement and STEAM technology for the project.

This Library Foundation funding and related furniture purchases is separate and in addition to the furniture contract being described below.

The Board is separately requested to enter into contracts with the following furniture suppliers for the purchase of furniture for the Main Library Building located at 300 N. Roxboro Street, Durham, NC in the amount of \$1,028,058.86 plus owner's

contingency at \$51,402.94 and to execute any other related contracts, if necessary, not to exceed the budget of \$1,079,461.80.

- 1) Carolina Business and Interiors: \$272,632.39 (Private Offices, guest chairs)
- 2) Alfred Williams: \$323,671.34 (Workstations, File/Storage, etc.)
- 3) Carolina Furnishing + Design: \$431,755.13 (Shelving)
Furniture Subtotal: \$1,028,058.86
Contingencies@5%: \$51,402.94
Total: \$1,079,461.80

The private office, conference, seating and other furnishings for the Main Library Renovation project, from previous vendors used for the Admin II Building furniture, purchased through the U.S. Communities Buying Program, NC State Contracts, GSA and/or other buying programs. G.S. 143-129(e) allows local governments to be exempted from the competitive bidding requirements and purchase furnishings/equipment through group purchasing programs. This provides Durham County the deepest discount possible for purchases under this program (See attachment 1, pages 1-176). The Engineering Department has reviewed the recommendations with Vines Architecture and the Purchasing Department and recommends that the County proceed with the procurement of the items referenced in the attached proposals. For M/WBE participation information (See Attachment 2, Page 1).

Many of the new furnishings have extensive lead times due to upholstering and fabrication which requires us to bring these contracts for approval timely to meet the anticipated occupancy schedule for the project. The construction of the Main Library is currently underway, scheduled for substantial completion in Fall 2019. Durham County anticipates occupancy in the Fall of 2019. This will require the remaining furniture installations to be in place prior to occupancy by staff. Additional furniture purchases, and approvals will be required in the upcoming months for complete fit-up of the facility. Funding for these contracts is available in the Durham County Main Library Renovation account.

Alignment with Strategic Plan: This aligns with Goal 4 - Environmental Stewardship - through the improvement of the environmental performance of County buildings to reduce energy use and greenhouse gas emissions from the built environment. The relocation of various departments into this facility also addresses Goal 5 by providing more efficient service delivery and better customer service.
