Proposal #22076

From David Gambrell, Chief Estimator, 336-434-0784

Proposal: FY23 Contract for Woodfield Creekstone Lift Station (7' dia 19 VF)

Location: 4805 Hopson Road, Durham NC 27713

Surface Preparation, Mortar and Coating Application:

- Pressurewash per SSPC-SP1 solvent cleaning all surfaces
- Sandblast to remove coating per SP13 to ICRI CSP 3-5
- Apply AW cook MSM1" average to concrete
- Apply Sherwin-Williams DP6000 (120-125 mils DFT)
- Handtool/Power tool steel piping per SSPC-SP2-3 to remove loose rust and coatings
- Topcoat steel piping using Sherwin-Williams DP6000 (20-30 mils DFT)

Project Cost: **\$25,065.00**

All materials guaranteed to be as specified and all work to be performed as specified and completed in a professional workmanlike manner. Payment is due NET 10 days. Warranty is one year on materials and labor.

Notes:

- Price includes one mobilization – delays requiring extra mobilizations will incur additional charges
- Price assumes water and electricity provided and project area is dry, empty, and not in service
- Price excludes removal of existing coatings unless otherwise stated
- Price excludes environmental controls
- All agreements contingent upon weather, delay beyond our control, no lead present
- Price assumes the accuracy of the site conditions described in the project specifications. If CMT finds latent, concealed or subsurface conditions which differ materially from the project specifications, or unknown physical conditions, which differ materially from those ordinarily found and generally not recognized as inherent in the work described in this proposal, the project pricing will be equitably adjusted with a revised proposal and subcontract change order
- Proposal valid for the FY23 period, 7/1/22-6/30/23

We are qualified with NACE Certified Coating Inspectors and SSPC Certified Concrete Coating Inspectors on staff
