Dear Dr. Best,

Congratulations! We are pleased to inform you that of the 64 applications submitted, your application was one of 7 proposals awarded a 2018 CATCH Planning (cycle 1) grant.

The mission of CATCH is to support pediatricians to collaborate within their communities so that all children have access to needed health services and a medical home. This is a major goal of the Academy, and we are pleased that you have undertaken a commitment to help realize the vision of CATCH through your project.

Pending any final budget revisions, you have been approved to receive up to \$10,000 to carry out your project. Between November 13th and 17th, Dana Bennett-Tejes will be conducting a series of grantee orientation sessions to discuss paperwork and other logistics. To receive the funds, you will need to attend one of these sessions and submit all of the necessary paperwork as well as any budget revisions. Awardees are also required to have current AAP Chapter and National memberships before funds can be disbursed. Please do not begin your project or spend any funds until all of your paperwork has been submitted and your check has been mailed to your fiscal agent.

We have heard from many grantees that the support and advice they receive from the CATCH network has been very helpful and we strongly encourage you to take advantage of the technical assistance that is available from your Chapter CATCH Facilitator(s). Dana Bennett-Tejes, CATCH Technical Assistance Coordinator is available to answer any questions as well. Feel free to contact Dana at dtejes@aap.org, 847/434-4916.

In addition to your CATCH facilitator(s), your chapter president and executive director will be receiving notification of your grant award. We encourage them to highlight your work within the chapter and hope that you will communicate your progress to them.

We wish you much success with your CATCH project.

Yours truly,
