Durham Public Schools Board Work Session PRECIS

Agenda Item: Teaching and Learning Technology Five-year Refresh Plan & Microsoft Education License Agreement

Staff Liaison Present: Scott Denton
Stephen Brown

Phone # 560-3822
560-2675

Main Points:

- Information Technology (IT) has developed a teaching and learning five-year refresh plan for devices. The plan includes a leasing component to ensure sustainability for all technology devices.
- The plan refreshes faculty, student, school-level staff, and Central Services staff devices over a five-year period.
- Microsoft Enrollment for Education Solutions (EES) Agreement provides volume-based pricing for the Windows Operating System (including the Microsoft Office Suite and Windows Servers) to include software upgrades for all computers with predictable annual payments.

Administration submits this recommendation for approval.

Fiscal Implications:

- The 2018-19 fiscal budget supports this plan.
