DURHAM

Where great things happen.

Recent Durham Accolades

Durham is one of 34,000 places in the US (1,237 over 25,000 population), one of 254 cities (100,000+), one of 3,140 counties and the principal city is one of 362 MSA. There are communities that rank higher in a category or two, but Durham is one of a handful that consistently rank high across so many different aspects. Below are some of the accolades Durham received recently as a community or as the core community for a four county MSA (Metropolitan Statistical Area as defined by the US Census).

If housing doesn't exist at all price points, higher income people will buy "down the ladder," leaving the fewest options for those with the lowest incomes.

Objectives for Expanding Housing Choices

Vary the menu of housing types available to meet an increasingly diverse set of needs;

Stabilize housing prices, over the long term, by expanding the supply of housing to keep pace with the rate of population and job growth;

Balance densification with context-sensitive development;

Create opportunities for small-scale creative infill, particularly in areas where demand is highest, and finally;

Streamline processes by making choices allowable without seeking special approvals.
