**TERMS AND CONDITIONS**

The following terms and conditions will apply to all orders. Any changes to the terms and conditions must be agreed to in writing by both parties.

**PAYMENT TERMS:** For all orders under \$25,000, payment terms are 50% deposit and balance due net 10 days from date of substantial completion. For all orders \$25,000 or greater, payment terms are as follows: A deposit of 50%, 40% payment is due upon product delivery and 10% balance is due Net 10 days from date of substantial completion. A monthly service charge of 1 1/2% per month (18% per annum) will apply to all delinquent payments and will be added to the balance outstanding. Deliveries are to be paid for upon presentation of invoices covering each delivery. All Buyer's Own Materials (C.O.M.) must be paid for 100% in advance.

If for any reason the Buyer is unable to accept the merchandise as of the manufacturer's acknowledged shipping date, the Buyer will pay for storage and handling. Unless Special conditions exist the fee for storage and handling for the first month is 4% of the purchase price. This is a minimum fee for the first day and covers the first month or any part of that month. The fee covers the Seller's cost for receiving, storage and redelivery of the product during normal business hours. Each additional month of storage is 2% of the purchase price of the product. The Buyer is responsible for concealed damage of product stored longer than 10 days. Seller can uncarton and inspect each item at the Buyer's request for a fee of 4% of the purchase price of the product. Additionally, if storage is required, the Buyer hereby agrees to pay 90% of the invoice price for the merchandise within 10 days of the invoice date and pay the remaining 10% upon substantial completion of the installment. Substantial completion is the date when the work covered by this agreement is sufficiently complete that the buyer can occupy the project work area or designated portion thereof for the use it is intended.

The security of all merchandise delivered to the project site is the responsibility of the Buyer. The Buyer shall be responsible for providing security against loss or damage for the materials, furniture, furnishings, and equipment stored at the project premises between the dates of delivery and final acceptance by the Buyer. Arrangements for such security shall be satisfactory to Seller.

This contract shall be governed by and construed in accordance with the laws of the State of North Carolina. Any breach of this contract by the Buyer shall entitle Seller to recover interest upon any amount due. Title to the goods is not to pass to the Buyer until payment is received in full. In the event Seller employs an attorney to collect any unpaid outstanding balance of the contract obligation herein, Purchaser agrees to pay and shall pay the reasonable attorney's fees and costs incurred by Seller in collecting the unpaid balance, whether or not a civil lawsuit has been filed in the collection process. This contract contains all the terms, provisions, conditions and warranties of the Sales Agreement and no extension, modification or amendment hereof shall be valid unless it is in writing signed by an Authorized Buyer and Seller.

**BUYER ORDER:** A Buyer order is considered legitimate and Seller is obligated to perform to the order specifications when the Buyer confirms the order in writing by issuing a (1) purchase order (2) authorizing letter, or (3) signs a Seller Buyer Agreement referencing a specific proposal or quotation. It is incumbent upon the Buyer to confirm the order in one of the above mentioned methods within 48 hours from the date of the Seller's purchase order. Failure to do so may result in cancellation of the order.

**CHANGES AND CANCELLATIONS:** Cancellation and/or changes in quantity or specification are subject to approval by Seller and manufacturer. Resultant charges from manufacturer would be paid by the Buyer. All requests for changes in quantity or specifications shall be delivered to Seller in writing. Seller cannot be held responsible for a manufacturer's failure to accept a change order. A restocking charge may be imposed for all approved cancellations by the Seller.

**MEANS OF SHIPMENT:** Seller's responsibility regarding delivery, damage and freight inquiries and claims, etc. is conditioned upon the means of shipment specified in the original order unless the conditions for storage apply as noted in the payment terms. The following paragraphs identify the live means of shipment and the extent of Seller's responsibility:

1. Delivered and Installed - Seller will bear the full responsibility of delivering and installing the merchandise in acceptable condition, obtaining written Buyer acceptance, and handling any difficulties regarding damage and freight inquiries and claims.

2. Direct - The merchandise is shipped directly to the Buyer, but Seller will meet the shipment and assume the full responsibility of "delivered and installed" terms.

3. Delivery Only - The merchandise is delivered to the Buyer's dock; Seller assumes the responsibility of damage and freight inquiry and claims but does not install the merchandise.

4. Drop Ship - The merchandise is shipped and invoiced F.O.B. factory. The Buyer assumes all responsibility regarding damage and freight inquiries and claims.

**TRANSPORTATION AND SPECIAL HANDLING CHARGES:** Any transportation cost incurred in shipment of goods from the factory will be paid by the Buyer. Special handling charges, including special cartoning and crating, imposed by the manufacturer will be paid by the Buyer.

**DELIVERY AND INSTALLATION:** In the event that delivery and/or installation is required as a part of the proposal, the following provisions shall apply:

1. Conditions of Job Site - The job site shall be clean, clear and free of debris prior to installation.

2. Job Site Services - Electric current, heat, hoisting and/or elevator service will be furnished without charge to Seller. Adequate facilities for off-loading, staging, moving and handling of merchandise shall be provided.

3. Installation and Assembly - All installations will be performed during normal hours Mon-Fri, 8:00 am to 5:00 pm unless proposed otherwise in writing. Seller's ability to install or bolt in place movable furniture is dependent on jurisdictional agreements between trade unions at the job site. If trade regulations enforced at the time of installation require on-site union tradesmen to complete the installation, the cost will be additional. Delivery of unusual items requiring special handling such as insulated files, marble, glass, etc., shall be charged to Buyer at applicable commercial rates for such handling.

4. Delivered Goods - Goods delivered and brought onto the job site as scheduled shall be inspected by the Buyer or his agent for damage and count verification. If the Buyer or his designated agent is not available at the time of delivery the Buyer will accept Seller's count verification as accurate and final. After delivery of merchandise by Seller to Buyer, all risk of loss or damage shall pass to Buyer, including, but not limited to, any loss or damage by weather, other trades such as painting or plastering, telephone installation, fire or other elements and Buyer agrees to hold Seller harmless from loss from such reasons.

5. Receiving Documents - Seller provides Buyer's copies of receiving documents at the delivery point for all orders other than drop shipments. It is the Buyer's obligation to process its internal receiving documents in such a way as to meet Seller's payment terms.

**STATE AND LOCAL TAXES:** The Buyer shall pay all taxes, levied or based upon the furniture and services invoiced by Seller, including state and local sales and use taxes. Buyers who are exempt from the above taxes shall provide Seller with copies of exemption certificate upon confirmation of the order. North Carolina sales taxes are imposed on freight.

**WARRANTY:** All merchandise sold under this agreement is warranted by Seller to be free from defects in materials or workmanship to the same extent as warranted by the merchandise manufacturers. Seller agrees to repair or replace at Seller's discretion defective merchandise covered by the above referenced warranty. This warranty agreement is contingent upon the Buyers promptly notifying Seller in writing of any claim with respect to the merchandise, and affording Seller a reasonable opportunity to examine the merchandise and investigate the claimed defect. Seller in no event shall be liable for damages beyond the price paid by Buyer for such defective merchandise. This warranty is in lieu of all other warranties expressed or implied, and it is agreed that there is no oral or implied additional warranties made in connection with the sale of the merchandise sold.

**GENERAL LIABILITY:** No liability will accrue against Seller as a result of any breach of these terms and conditions resulting from any work stoppage, accident, fire, civil disobedience, riots, rebellions, and Acts of God beyond Seller's control.

The security of all merchandise delivered to the project site is the responsibility of the Buyer. The Buyer shall be responsible for providing security against loss or damage for the materials, furniture, furnishings, and equipment stored at the project premises between the dates of delivery and final acceptance by the Buyer. Arrangements for such security shall be satisfactory to Seller.

This contract shall be governed by and construed in accordance with the laws of the State of North Carolina. Any breach of this contract by the Buyer shall entitle Seller to recover interest upon any amount due. Title to the goods is not to pass to the Buyer until payment is received in full. In the event Seller employs an attorney to collect any unpaid outstanding balance of the contract obligation herein, Purchaser agrees to pay and shall pay the reasonable attorney's fees and costs incurred by Seller in collecting the unpaid balance, whether or not a civil lawsuit has been filed in the collection process. This contract contains all the terms, provisions, conditions and warranties of the Sales Agreement and no extension, modification or amendment hereof shall be valid unless it is in writing signed by an Authorized Buyer and Seller.

**BUYER ORDER:** A Buyer order is considered legitimate and Seller is obligated to perform to the order specifications when the Buyer confirms the order in writing by issuing a (1) purchase order (2) authorizing letter, or (3) signs a Seller Buyer Agreement referencing a specific proposal or quotation. It is incumbent upon the Buyer to confirm the order in one of the above mentioned methods within 48 hours from the date of the Seller's purchase order. Failure to do so may result in cancellation of the order.

**CHANGES AND CANCELLATIONS:** Cancellation and/or changes in quantity or specification are subject to approval by Seller and manufacturer. Resultant charges from manufacturer would be paid by the Buyer. All requests for changes in quantity or specifications shall be delivered to Seller in writing. Seller cannot be held responsible for a manufacturer's failure to accept a change order. A restocking charge may be imposed for all approved cancellations by the Seller.

**MEANS OF SHIPMENT:** Seller's responsibility regarding delivery, damage and freight inquiries and claims, etc. is conditioned upon the means of shipment specified in the original order unless the conditions for storage apply as noted in the payment terms. The following paragraphs identify the live means of shipment and the extent of Seller's responsibility:

1. Delivered and Installed - Seller will bear the full responsibility of delivering and installing the merchandise in acceptable condition, obtaining written Buyer acceptance, and handling any difficulties regarding damage and freight inquiries and claims.

2. Direct - The merchandise is shipped directly to the Buyer, but Seller will meet the shipment and assume the full responsibility of "delivered and installed" terms.

3. Delivery Only - The merchandise is delivered to the Buyer's dock; Seller assumes the responsibility of damage and freight inquiry and claims but does not install the merchandise.

4. Drop Ship - The merchandise is shipped and invoiced F.O.B. factory. The Buyer assumes all responsibility regarding damage and freight inquiries and claims.

**TRANSPORTATION AND SPECIAL HANDLING CHARGES:** Any transportation cost incurred in shipment of goods from the factory will be paid by the Buyer. Special handling charges, including special cartoning and crating, imposed by the manufacturer will be paid by the Buyer.

**DELIVERY AND INSTALLATION:** In the event that delivery and/or installation is required as a part of the proposal, the following provisions shall apply:

1. Conditions of Job Site - The job site shall be clean, clear and free of debris prior to installation.

2. Job Site Services - Electric current, heat, hoisting and/or elevator service will be furnished without charge to Seller. Adequate facilities for off-loading, staging, moving and handling of merchandise shall be provided.

3. Installation and Assembly - All installations will be performed during normal hours Mon-Fri, 8:00 am to 5:00 pm unless proposed otherwise in writing. Seller's ability to install or bolt in place movable furniture is dependent on jurisdictional agreements between trade unions at the job site. If trade regulations enforced at the time of installation require on-site union tradesmen to complete the installation, the cost will be additional. Delivery of unusual items requiring special handling such as insulated files, marble, glass, etc., shall be charged to Buyer at applicable commercial rates for such handling.

4. Delivered Goods - Goods delivered and brought onto the job site as scheduled shall be inspected by the Buyer or his agent for damage and count verification. If the Buyer or his designated agent is not available at the time of delivery the Buyer will accept Seller's count verification as accurate and final. After delivery of merchandise by Seller to Buyer, all risk of loss or damage shall pass to Buyer, including, but not limited to, any loss or damage by weather, other trades such as painting or plastering, telephone installation, fire or other elements and Buyer agrees to hold Seller harmless from loss from such reasons.

5. Receiving Documents - Seller provides Buyer's copies of receiving documents at the delivery point for all orders other than drop shipments. It is the Buyer's obligation to process its internal receiving documents in such a way as to meet Seller's payment terms.

**STATE AND LOCAL TAXES:** The Buyer shall pay all taxes, levied or based upon the furniture and services invoiced by Seller, including state and local sales and use taxes. Buyers who are exempt from the above taxes shall provide Seller with copies of exemption certificate upon confirmation of the order. North Carolina sales taxes are imposed on freight.

**WARRANTY:** All merchandise sold under this agreement is warranted by Seller to be free from defects in materials or workmanship to the same extent as warranted by the merchandise manufacturers. Seller agrees to repair or replace at Seller's discretion defective merchandise covered by the above referenced warranty. This warranty agreement is contingent upon the Buyers promptly notifying Seller in writing of any claim with respect to the merchandise, and affording Seller a reasonable opportunity to examine the merchandise and investigate the claimed defect. Seller in no event shall be liable for damages beyond the price paid by Buyer for such defective merchandise. This warranty is in lieu of all other warranties expressed or implied, and it is agreed that there is no oral or implied additional warranties made in connection with the sale of the merchandise sold.

**GENERAL LIABILITY:** No liability will accrue against Seller as a result of any breach of these terms and conditions resulting from any work stoppage, accident, fire, civil disobedience, riots, rebellions, and Acts of God beyond Seller's control.
