Re: Watershed Protection Overlay Designation Removal for property at 739 Baptist Rd.

Dear Director Young:

Pursuant to UDO section 4.11.3, we, Alliance Group of NC, LLC, on behalf of the landowner(s) known as Jane Cole (Et Al) present the enclosed surveyed map and application to you and request that you consider them both for the purposes of an "Interpretation of Overlay Boundaries" regarding the placement of the FJ-A/FJ-B boundary over the property identified as PIN: 0861-04-65-1202.

As you will see, we believe there are reasonable baseis presented for the present boundary (as shown on various Planning Department Maps) to be revised to more accurately reflect the arcs representing the one-mile distance from the Falls Lake Reservoir. Insomuch as we are aware of the fact that this process involves governing bodies other than the Durham Planning Department, we do appreciate your careful and thoughtful consideration of this matter, and very much appreciate your time and support.

Gratefully,

L. Jacob Anderson
Manager
Alliance Group of NC, LLC

CITY OF DURHAM | DURHAM COUNTY
NORTH CAROLINA

|--|--|-------|
| Description of Request | To adjust the watershed protection overlay boundary on the identified property to the location of a professionally calculated one mile offset from field-surveyed location of the 251.5 foot elevation line of the nearby Falls Lake per section 4.11.2 of the Durham Unified Development Ordinance. | |
| Justification for the request | <ol style="list-style-type: none"> 1) Per section 8.7.2.F.2.b of the UDO, a corrective revision of this overlay boundary will be a step toward the relocation of a previously planned City sanitary sewer pump facility on the property to another location on the property which will provide better sanitary service access to this and adjacent properties which are not within a one mile offset of the field-surveyed location of the 251.f foot elevation line of the nearby Falls Lake and which have sought or shall seek the City sanitary service enabled by said sewer pump. 2) A corrective revision of this boundary will allow greater planning flexibility in the future uses of the site ultimately resulting in higher quality built environments and higher quality conserved natural environments. 3) As a matter of equitable public policy, a corrective revision of this overlay boundary is a step toward allowing its owners to enjoy future uses which would otherwise already be their option to enjoy. | |

Each item on this page must be initialed by the Applicant and/or Agent, indicating that the item is part of the submittal package, is complete, and the information is accurate. Items not applicable to the request, as indicated by staff, may be marked as 'N/A'.

A submittal package with items not initialed, or otherwise incomplete or inaccurate, will not be accepted. An application shall be considered to have been accepted for review only after it has been determined to be complete in accordance with Section 3.2.4 of the Unified Development Ordinance, not upon submission to the Planning Department.

I, the undersigned, acknowledge that the application is complete and that all information included is accurate to the best of my knowledge:
