TERMS AND DEFINITIONS

Rental Day:	One Calendar day; for diesel units, not exceeding eight (8) hours running.
Rental Week:	Seven (7) calendar days; for diesel units, not exceeding 48 hours running in aggregate during a Rental Week.
Rental Month:	Twenty-eight (28) calendar days; for diesel units, not exceeding 192 hours running.
Standby Rate:	The Standby Rate is 75% of the scheduled rate. Standby is for a "second" or additional back-up pump to be run in the event the primary pump cannot. If the standby pump operates for any reason other than failure of a primary pump, the standard rate will apply.
Overtime Running:	For diesel units, all scheduled rates are based on an 8 hour per day shift. If diesel equipment is used for a double shift, the 8-hour rate will be multiplied by 1½ times the schedule rate. If used for a triple shift, the rate will be multiplied by 2 times the scheduled rate.

Off Rent: It is the responsibility of the Customer to call into the Owner's local branch office and obtain an Off Rent Call Confirmation Number. This call serves as notification that equipment is disassembled, properly decontaminated, and stockpiled in one readily-accessible area available for immediate pick-up. Rental and/or labor charges will accrue if equipment is not cleaned and staged for removal.

IMPORTANT: Obtaining an Off Rent Call Confirmation Number does not release Customer from its obligations to safeguard and secure equipment, including maintaining required insurance coverages, while equipment remains under Customer's care, custody or control pending return of all rented equipment to Owner. Customer shall remain responsible for all loss or damage arising from Customer's failure to safeguard and secure equipment while awaiting pick up.

TERMS AND CONDITIONS

1. This quotation is valid for 30 days, however, prices may change without written notification. Quotations for sales of HDPE pipe are valid for seven (7) days.
2. This quotation is our estimate of equipment and material required. Actual installation may vary in cost due to site requirements. Additional equipment or time to set-up will be charged at the above itemized rates or based upon our published rental rate schedule.
3. Payment terms: Net 30 based on credit approval.
4. Taxes are not included in any rental, sale or labor quotes. Customer is responsible for paying applicable taxes on the equipment and services, including sales and use tax. Customer will only be considered exempt when a valid Sales Tax Exemption Certificate is received when ordering any rental equipment, pumping services and/or sale goods.
5. Delivery and Pick-Up available at Customer's request via Lessor's/Supplier's truck for an additional charge.
6. Customer shall be responsible for providing adequate labor and material handling equipment onsite to unload/load and setup/breakdown equipment, including chains or cables of sufficient capacity along with cribbing material to support pumps, piping and accessories.
7. Customer responsible for daily monitoring of all equipment on site, including but not limited to cleaning of suction screen(s) as necessary. Diesel driven pumps require routine service including changing oil, oil filter, fuel filter, and performing general maintenance every 250 hours of running time, and also replacing the air filter every 500 hours of running time. As requested, Lessor/Supplier will service the equipment for an additional charge.
8. Customer shall be responsible for any required secondary containment around and under each pump to contain possible spills during operation or refueling of the equipment.
9. Customer shall be responsible for compliance with permitting, licensing or other regulatory requirements associated with setup, installation, or operation of the equipment.
