**Re: Task Order Authorization
Triangle Wastewater Treatment Plant
Sodium Hypochlorite Chemical Feed System Improvements Project
Durham County Funds Reservation No. 1700000832**

Dear Vince,

Pursuant to the County's request, Black & Veatch (B&V) has provided pricing for executing the integral improvements listed below, under the current contract. B&V agrees with Operations that these improvements will enhance the long-term resiliency and overall efficiency of the treatment plant.

Sodium Hypochlorite Bulk Storage Tank Replacement – This work consists of additions to current mechanical and electrical drawings, developing new details, and specifications to incorporate demolition and replacement of existing Sodium Hypochlorite Bulk Storage Tank Nos. 2 and 3 into the final bidding documents. B&V is incorporating this work into the final contract documents, as requested by the County. This request was not included in the original scope of services and will be performed for a lump sum fee of \$6,500.00.

If you have any questions, please do not hesitate to contact me at (919) 462-7512 or proffitkb@bv.com.

Very truly yours,

BLACK & VEATCH INTERNATIONAL COMPANY

Kurtis Proffit, P.E.
