Home and Community Care Block Grant for Older Adults Outreach Methodology

July 2020 through June 2021

Methodology to Address Service Needs of Low Income (Including Low-Income Minority Elderly), Rural Elderly and Elderly with Limited English Proficiency (Older Americans Act, Section 305(a)(2)(E))

Community Service Provider: Durham County Department of Social Services
County: DURHAM

The Older Americans Act requires that the service provider attempt to provide services to low-income minority individuals in accordance to their need for aging services. The community service provider shall specify how the service needs of low income, low-income (including low income minority elderly), rural elderly and elderly with limited English proficiency will be met through the services identified on the Provider Services Summary (DAAS-732). This narrative shall address outreach and service delivery methodologies that will ensure that this target population is adequately served and conform with specific objectives established by the Area Agency on Aging, for providing services to low income minority individuals. Additional pages may be used as necessary.

The Durham County Department of Social Services (DCDSS) is a partner with many support agencies throughout the County to work toward meeting the increasing need for Home Delivered Meals and In Home Aid services. As many calls for services come through Adult Protective Services, DCDSS recognizes the need to serve the low-income, minority, elderly population and places these clients as a priority when providing services. Area agencies, programs, and providers frequently rely on DCDSS to provide social service assistance, nutritional, and in home aid services to clients they serve in order for these individuals to be able to remain safely in their homes.
