

WENDELL M. DAVIS
COUNTY MANAGER

August 26, 2020

Mr. William Lassiter
Deputy Secretary for Juvenile Justice
NC Department of Public Safety
4201 Mail Service Center
Raleigh, NC 27699-4201

Dear Deputy Secretary Lassiter:

This proposal letter is in response to your December 2019 letter expressing support and interest in assisting Durham County with a new 36-bed youth detention facility located in Durham County. First, I must apologize for the delay in our response. In March 2020, Durham County was the victim of a significant malware attack rendering our computer systems offline for nearly six weeks. Since March 2020, like the rest of the state, country, and world, we have been responding to the COVID-19 pandemic, an all-encompassing task.

I am pleased to report that we are making significant progress working with Moseley Architects on the design of the new juvenile detention facility in Durham. In February, we took another critical step with the project by hiring Bordeaux Construction Company for pre-construction services to partner with us on this project. Since the beginning of the year, the project design team has been diligently working to finalize the design and incorporate sustainable technologies to make the facility energy efficient for years to come. We have attached the floor plan for the new facility, scheduled to open in winter 2023.

As discussed during your spring 2018 meeting with General Manager Jodi Miller and Youth Home Director Angela Nunn, we are taking a multi-faceted approach to seek financial partners for the project. Durham County continues to work with Durham's General Assembly delegation to request a direct appropriation for half of the project cost totaling approximately \$12 million. The State Budget impasse and the financial uncertainty created by COVID-19 have made our efforts to secure this funding unsuccessful.

In addition to a direct capital appropriation, there are other partnership needs and opportunities that could be mutually beneficial to Durham County and the North Carolina Department of Public Safety (NCDPS). These needs cover the areas of furnishings, equipment, technology, security, and ongoing staffing (security, educational, and medical) required to build and operate this new state of the art 36-bed facility. As you are aware, what makes Durham's project unique is the level of essential educational and life skill services provided to youth while detained.

Durham County proposes a partnership where investments by NCDPS in these critical components would result in a guarantee of 10 beds being made available to NCDPS for placement. Part of this agreement would include priority placement for Durham, Orange, Vance, and Granville County youth in the new facility.

Attached are the cost estimates for these components. The furnishings, equipment, technology, and security would be fixed costs. Staffing costs associated with the need for increased security, educational, and medical resources would be ongoing, which would be shared by the County and NCDPS accordingly.

Thank you for consideration of Durham's proposal. We are available to answer any questions and are open to continued discussions on how to make this a mutually beneficial partnership. Please contact General Manager Jodi Miller at jomiller@dconc.gov or (984)260-5960 to schedule a time to further discuss this proposal.

Sincerely,

Wendell M. Davis County Manager

cc: Jodi Miller, General Manager for Community and Public Safety

Angela Nunn, Director Durham Youth Home
