Item:

Resolution of Support of the Eno River Water Supply

Date of BOCC Meeting: April 27, 2020

Request for Board Action:

The Board is requested to adopt a resolution of support for reclassifying a segment of the Eno River for Water Supply in Durham County, North Carolina.

Summary. Teer Quarry, owned by the City of Durham, is critical for meeting the City's emergency water supply needs. A new water supply intake, located on the Eno River, is necessary to use Teer Quarry as a water supply source. The location of the new water intake will require changes to the Eno-A (E-A) and Eno-B (E-B) watershed protection zoning overlay districts, which Planning staff will initiate later this year.

Attachments:

Attachment A: Map of Watershed Critical Area Options

Attachment B: Resolution of Support for Reclassifying a Segment on the Eno River for Water Supply

Alignment with Strategic Plan: The presentation emphasizes Goal 4 (Environmental Stewardship and Community Prosperity) by protecting sources of clean drinking water.

Resource Persons: Scott Whiteman, AICP, Planning Manager, and Patrick Young, AICP, Planning Director.

County Manager's Recommendation: The County Manager recommends that the Board adopt a resolution of support for reclassifying a segment of the Eno River for Water Supply in Durham County, North Carolina.

County Manager: _____
